

SmartyCAM

Universal

You don't need an AIM logger to use **SmartyCAM**. It can be used in all situations, with all types of vehicles. It can source data simply from integrated GPS + three-axial accelerometer and/or directly from a large number of ECU via specific interfaces.

All-In-One System

The **SmartyCAM** captures, memorizes, compresses and reproduces your video with data overlay. Movies can easily be downloaded to your computer using a memory card, or USB cable. Watch it on your computer, or burn a DVD to watch on your TV.

Configurable Graphic Overlay

Data can be overlaid in real time to images in a virtually infinite variety of formats, with a configurable transparency level.

DVD Quality Video

SmartyCAM allows you to record digital quality movies 720x400 pixels at 30 fps with dual channel audio.

Two Audio Channel Inputs

SmartyCAM provides one internal microphone, and one input for an external microphone.

Impressive Memory Capability

On a micro-SD card, you can save hours of movies, sounds and data. The ratio is: 1 Gigabyte = 1 hour.

Compact, Handy & Easy to Install

Small (122x47, 5x46, 5mm) and lightweight (280g), **SmartyCAM** is very easy to install in your vehicle, using the supports included in your kit. The unit is has a waterproof rating of IP67. (see the DOWNLOADS page for Waterproof Ratings)

Image Preview

SmartyCAM allows you to view images in real time on its LCD display, allowing you to point the camera on the framing you wish—even upside down!

Rechargeable Lithium Battery

Much more convenient, cost-effective, and environmentally friendly than disposable batteries.

Three Schematic Modes

STAND ALONE

Providing data coming from INTEGRATED GPS + THREE-AXIAL ACCELEROMETER

- position
- speed
- acceleration
- Lap time
- distance
- track-mapping

CONNECTED TO YOUR ECU

Providing all stand-alone data coming from your ECU.

Supported ECU's for use with **SmartyCAM** are:

- AEM-EMS ver. 1.19+
- Autronic SMC/SM2/SM4
- BOSCH
- Marelli MF4-SRA
- Mercury 849849-AXX
- Mitsubishi Evo X
- Mustang OEM 05+
- Pectal

Don't see your ECU on the list? **CONTACT US** for specific instructions on how to interface **SmartyCAM** with your ECU.

CONNECTED TO YOUR AIM LOGGER

Providing all stand-alone info + all data coming from your logger, such as:

- RPM
- More speeds
- Lambda value (via LCU-ONE)
- Engaged Gear
- Temperatures
- Pressures
- & many more
